Checklist for self-check

Mark each checkbox if you followed this instruction:

- ☒ I've completed the task in English
- ☒ I've replaced [YourName YourSurname] with my Name and Surname in the document name like [Arthur Morgan]
- ☒ I've replaced all "..." with decomposition elements
- ☒ I've made a decomposition of the Article page on **my own article** page
- ☒ I've used [this](#) document to create a better decomposition
- ☒ I've read the theory and understand, that decomposition is a future structure for my test cases
- ☒ I use the Arial font with 11 sizes for normal text all over the document
- ☒ I don't highlight my text with bright colors
- ☒ I've used Grammarly to improve my doc
- ☒ I've read [this](#) checklist
- ☒ I've provided access to "**Edit**" this document

Note, that **your work may be rejected if you haven't filled this checklist.**

As a QA, you always will work with checklists in the future on your job. So check each point carefully and double-check yourself before submitting.
